The Missouri Steam Washer is a small portable machine that can be used upon any family cook stove. Is made wholly of metal, hence very durable. By operation of the machine steam is passed through and through the soiled linen, until all dirt is removed from it, leaving articles thoroughly cleansed and purified by use of perforated tubes we keep clothes always in motion, and steam forced through them, causing it to search out and eradicate every atom of dirt in them. READ WHAT THEY SAY OF IT AFTER HAVING USED IT. Steam is the most powerful cleaning agent and disinfectant known to man.—Watte.

I have been using the Missouri Stram Washing for fee months, and my little girl I syears old, can do a large washing in a few bours, without tiring her in the least—Mrs. Johnson, Sill Thomas street, M. Louis.
